to : participants at the Timor consultations held in Holland in June 1986
August, 8/1986

1. *As agreed during the solidarity meeting in Amsterdam (June 14-15), I prepared a short note on the "International Red Cross Committee and East Timor", which is being sent to all participants to both consultations held in the Netherlands.*

2. *This issue is both important and sensitive. Thus. we need more concrete informations on the ICRC activities. Jean-Pierre CATRY is preparing a detailed survey of it.*

3. *Where actions are concerned, our advice would be to avoid any form of "process" (even of intention) against the ICRC, which is a very usefull organization. We would suggest to focus actions on pressures in order to obtain a more clear public stand of the ICRC in front of the Indonesian manipulation of ICRC-informations.*

With our best wishes,

Adrien-Claude Zoller
Director of the International Service.
